

IT Project Manager

AIRVANCE
GROUP

OPEN POSITION:

IT Project Manager (ERP Navision)

Company :

SK Sales Ltd, part of the AIRVANCE Group, is a leading Ventilation and Air Conditioning wholesaler with over 25 years' experience in the heating, ventilating and air conditioning (HVAC) sector. The SK Sales name has become synonymous with customer choice, industry knowledge, product expertise, and most importantly customer service.

Established in 1993 the company currently operates from nine sites nationwide. It is one of the largest HVAC distributors in the UK and partners with all leading manufacturers to deliver unbiased product selections and can provide all your project requirements, wherever you are in the UK.

SK Sales Ltd shares and utilises its expertise in improving indoor climates and energy efficiency to create a healthy and safe indoor environment for everyone.

Through a strong customer focus, expertise, ease of access and reliability, we are your solutions-oriented partner.

Mission :

Under the responsibility of the Managing Director of SK Sales, you will be in charge of managing all ERP evolutions and connected applications, managing e-shop and website evolutions, providing corrective maintenance and support for these applications, coordinating all local IT needs with the corporate IT organization and sharing ERP best practices with the Group.

This position is located in Manchester's (Stakehill Industrial Estate) and covers all branches of SK Sales in the UK (9 branches).

Main Tasks :

- In charge of maintaining the current existing ERP system Navision and connected applications in SK Sales
- Proactively engage with the business to understand user issues and development needs
- Ensure deployment of new functionalities of the ERP Navision and related applications in SK Sales
- Support the development and continued evolution of the new SK Sales e-shop and website
- Be a functional and technical watch to propose developments that have an economic impact in terms of: ROI, competitive element, brand image.
- Lead the implementation of these developments by integrating the constraints of costs, deadlines and quality

- Support users in the use of these solutions (training, level 2 support,...) and ensure that they use the system correctly and follow the operating procedures.
- Lead on the relationship with our IT providers to seamlessly integrate the activities of FITS in Hungary for Navision and with the Global IT Team for e-shop and website developments.
- Provide support when needed to other Group companies also using Navision to help them to better use their systems using experience and knowledge from the SK Sales ERP. (Germany, Romania, Hungary)
- Be the main contact partner of all the global IT organization to help to resolve any other subject including infrastructure, network, ...

You will be accountable for the correct use of Navision in SK Sales. You will ensure prioritization and organization of development requests and give your agreement for releases. You will animate the community of Navision key users and build trainings with HR or external partners.

You will supervise the contracts with external partners and manage local IT external service providers.

Profile :

Education and Experience:

- Masters degree in IT
- 5-8 years post qualified experience with project management in IT field (ERP).
- Expert in Microsoft Dynamics Navision including the previous deployment of this ERP in a similar business is mandatory
- Good expertise in customizing and integration of ERP with other solutions in mid-size company in an international environment in a wholesale business

Skills:

- Autonomous, dynamic, rigorous and methodical
- A good relationship builder with natural leadership skills
- A good listener with attention to end-users and management requirements
- High level of capability to synthesize business needs
- Communication skills to transfer knowledge to key users
- Know how to analyze a context and understand complex operational processes
- Great customer service
