Vacuum pump oil type OIL8X3

Application

Oil to suit the VPX7, VP87 and VP67.

Need oil you can count on? Our vacuum pump oil, OIL8X3, is just what you need. Conveniently available in three eight-ounce containers, our specially-designed vacuum pump oil is specifically devised to function with the latest generation of vacuum pumps – VPX7, VP87 and VP67. Pull vacuums quickly, confidently and cleanly.

- Three eight-ounce containers of vacuum pump oil
- Low vapor pressure ideal for pulling vacuums
- Wide temperature range helps oil perform in any conditions
- Highly refined for consistent performance
- Ensures proper sealing and lubrication
- Designed to work with our RunQuick® Oil Change System
