

PCB for Key Card & Window Switch - BRP7A51 type BRP7A51

Brand

- Daikin

Product

- BRP7A51 - Adapter PCB for interlock (key card & window switch)

Advantage

- Turns on/off A/C when the window is open/closed (*window switch required)
- Turns on/off A/C when the key card is in/out (*key card required)
- Monitors the room to make sure it doesn't drop below a desired temperature when the room is unoccupied.
- resets A/C settings to a default (mode, Fan speed, temp) every time key card is removed/inserted.
